

Comprehensive Overview of Mandatory Non-Tuition Costs and Fees

Explore the complete details of mandatory non-tuition fees and charges to ensure a clear understanding of your financial obligations.

Annual Fee Structure

Capital College of the Arts, Management and Technology (CCAMT) reviews and sets its fees on an annual basis. These fees are due before the commencement of your chosen course.

Course Fees Aligned with Academic Calendar

Tuition fees at CCAMT are based on the trimesters or semesters, varying according to the duration of the course you select.

Stability of Initial Tuition Rate

The initial tuition rate specified in your student contract remains fixed for the entire academic year of your enrollment. However, please be aware that it may be subject to changes in subsequent years, in line with the prevailing GST rate and CCAMT's rate. Any fee adjustments will be clearly documented in your subsequent student contracts.

Advance Payment Requirement for All Fees and Charges

CCAMT Singapore mandates that all tuition fees and associated charges must be paid in advance. Commencement or continuation of your course is contingent upon the settlement of all outstanding fees and charges.

Understanding Tuition Fees

Tuition fees, presented in **Singapore Dollars**, are based on the course standard full-time or part-time study duration. It's important to note that the indicative fee is intended as a reference and should be considered a guide rather than an absolute figure.

Feel free to reach out to us if you have any questions or require further information regarding our fees and charges. We are dedicated to providing clarity and support to help you make informed decisions about your education at CCAMT.
